New to cooking for size? One from each section: big numbers, fifteen minutes or less of actual work, hard to get wrong. Cook one this week, then work through the rest.

Maple Muscle Toast

Breakfast · 15 min · 1,089 kcal · 61 g protein · p13

Thick-cut brioche French toast soaked in a whey-spiked custard, stacked with yoghurt, banana, and maple.

Slow-Cooked BBQ Pulled Pork

Mains · 8 h 15 min · 1,307 kcal · 64 g protein · p40

Brioche bun, melty cheese, slaw on top — the American classic, bulker-sized.

Protein Shake

Snacks · 1 min · 364 kcal · 40 g protein · p63

The fastest protein hit going — a scoop of protein powder shaken or blended with milk. The classic post-workout grab.

King Kong Chocolate

Smoothies · 5 min · 1,398 kcal · 88 g protein · p74

Chocolate, peanut butter, cream — the pinch of salt makes it taste like a thick shake, not a sad gym drink

No-Bake Protein Cheesecake

Desserts · 4 h 15 min · 456 kcal · 21 g protein · p87

A creamy, egg-free, no-bake cheesecake set in the fridge — blended cream cheese, cottage cheese, Greek yoghurt, and protein powder on an oat-peanut butter…

Baked Oats

A cake-like baked oat pudding with whey in the batter, topped with Greek yoghurt and berries.

813	53 g	108 g	20 g
KCAL	PROTEIN	CARBS	FAT

2 ways to serve. Loaded Baked Oats 1,029 kcal / 61 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Rolled oats (raw)	80 g
Vanilla whey protein 1 scoop.	30 g
Egg (whole) Binds the batter.	1
Full-cream milk	120 ml
Banana Mashed into the batter.	60 g
Honey Approximately 1 tbsp.	21 g
Baking powder	1 tsp
Ground cinnamon	0.5 tsp

TO PLATE IT UP

Plain Greek yoghurt (full-fat) Dolloped on top.	80 g
Honey Replaces the sweetness of flavoured yoghurt. Approximately 1 tsp.	6 g
Mixed berries (fresh or frozen) Fresh or frozen.	60 g

METHOD

1. Preheat the oven to 180C (350F) and mash the banana in a bowl.
2. Add the oats, whey, egg, milk, honey, baking powder, and cinnamon, and mix to a smooth batter.
3. Divide between greased large ramekins or small oven dishes, one per serving, and bake for 20-22 minutes until set and golden on top.
4. Top the warm baked oats with Greek yoghurt, a drizzle of honey, and berries.

Prep ahead. Bake ahead and reheat. Add the yoghurt, berries and any loaded toppings fresh when serving. **Keeps:** fridge 4 days · freezer 3 months.

BREAKFAST · 25 MIN (20 HANDS-ON) · STOVETOP

Big Breakfast Plate

The full cooked fry-up: fried eggs, bacon, sausage, mushrooms, grilled tomato, baked beans, and sourdough toast.

1,296	65 g	81 g	79 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Breakfast sausage mince 2 sausages or equivalent.	120 g
Bacon (rashers) 3 rashers.	60 g
Egg (whole) Fried.	3
Baked beans About half a small can.	130 g
Brown/Swiss mushrooms Sliced.	80 g
Cherry tomatoes Halved.	100 g
Crusty sourdough or baguette 2 slices, toasted.	100 g
Salted butter For frying and the toast.	12 g
Salt	0.25 tsp
Ground black pepper	0.25 tsp

METHOD

1. Fry the bacon and sausage in a large pan over medium heat for 6-8 minutes until cooked, then set aside and keep warm.
2. In the same pan, fry the sliced mushrooms and halved tomatoes for 4-5 minutes until soft and browned.
3. Warm the baked beans, and toast and butter the sourdough with half the butter.
4. Fry the eggs in the rest of the butter to your liking, then plate everything together.

Cook fresh. A cooked fry-up — eggs, bacon, sausage, mushrooms, beans, toast — every component is served fresh.

BREAKFAST · 3 MIN · NO-COOK ASSEMBLY

Cottage Cheese Power Bowl

High-protein savoury bowl with cottage cheese, fresh vegetables, and everything bagel seasoning

412	30 g	16 g	26 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Cottage cheese (full-fat) Full-fat cottage cheese, approximately 1 cup.	250 g
Cherry tomatoes Halved, approximately 6-8 cherry tomatoes.	100 g
Cucumber Diced, approximately ½ medium cucumber.	80 g
Olive oil Extra virgin olive oil, approximately 1 tbsp.	14 g
Everything bagel seasoning Approximately 1 tsp for topping.	1 tsp
Salt Pinch to taste.	0.25 tsp
Ground black pepper Freshly ground, to taste.	0.25 tsp

METHOD

1. Prep the vegetables by halving the cherry tomatoes and dicing the cucumber into small cubes.
2. Assemble the bowl by spooning cottage cheese into a serving bowl and topping with vegetables, olive oil, and seasoning.

Cook fresh. No-cook assembly with fresh tomato and cucumber — best eaten straight away.

BREAKFAST · 35 MIN (15 HANDS-ON) · OVEN (BATCH)

Egg Muffins

A batch of 12 cottage-cheese-blended egg muffins with sausage and spinach. One serving is 3 muffins, served with avo toast.

850	45 g	65 g	46 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Egg (whole)	8
Cottage cheese (full-fat) Blended into the eggs.	250 g
Breakfast sausage mince Browned and crumbled.	200 g
Tasty cheese	80 g
Baby spinach leaves Chopped.	60 g
Brown onion Diced.	60 g
Olive oil For greasing the tin.	5 g
Salt	0.5 tsp
Ground black pepper	0.5 tsp

TO PLATE IT UP

Crusty sourdough or baguette 2 slices, toasted, to serve.	100 g
Avocado Smashed onto the toast.	80 g

METHOD

1. Preheat the oven to 180C (350F) and grease the muffin cups (12 per batch of 4 servings). Brown the sausage until cooked through and crumble it; chop the spinach and onion.
2. Blend the eggs, cottage cheese, salt, and pepper until smooth.
3. Divide the sausage, spinach, onion, and half the cheese between the cups, pour the egg mixture over to fill each 3/4 full, and top with the rest of the cheese.
4. Bake for 18-22 minutes until set and puffy, then cool for 5 minutes and remove.
5. Serve 3 egg muffins with smashed avocado on toasted sourdough.

Prep ahead. Bake the full batch of 12 ahead and grab 3 per serve through the week. Toast the sourdough and smash the avocado fresh when serving. **Keeps:** fridge 4 days · freezer 1 months.

BREAKFAST · 40 MIN (30 HANDS-ON) · STOVETOP (BATCH)

Freezer Breakfast Burrito

A batch of 5 hearty sausage, egg, cheese, and potato burritos to wrap and freeze. Macros are per burrito.

741	37 g	47 g	44 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Breakfast sausage mince Browned and crumbled.	350 g
Egg (whole)	10
Large flour tortilla (burrito size)	5
Tasty cheese	150 g
Waxy potato (Desiree or Dutch Cream) Diced small for hash.	250 g
Brown onion Diced.	120 g
Red capsicum Diced.	120 g
Olive oil	11 g
Salt	0.5 tsp
Ground black pepper	0.5 tsp

METHOD

1. Dice and fry the potato in the olive oil over medium-high heat for 10-12 minutes until tender, then add the onion and capsicum and cook until soft. Set aside.
2. Brown the breakfast sausage in the pan, breaking it up, until cooked through, then set aside.
3. Whisk the eggs with salt and pepper and scramble softly.
4. Lay out the tortillas, divide the sausage, eggs, potato-veg mix, and cheese between them, and roll up tightly.
5. Eat one now; wrap the rest individually in foil and freeze. Reheat from frozen in the microwave (foil off), then crisp in a pan.

Prep ahead. Batch-and-freeze by design — make all 5, eat one now, wrap the rest individually in foil. **Keeps:** freezer 3 months.

BREAKFAST · 5 MIN · NO-COOK

Greek Yoghurt Power Bowl

A thick protein-yoghurt base topped with berries, chia, and granola — no-cook, 5 minutes.

793	56 g	84 g	27 g
KCAL	PROTEIN	CARBS	FAT

2 ways to serve. Loaded Greek Yoghurt Power Bowl 1,136 kcal / 65 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Plain Greek yoghurt (full-fat)	280 g
Vanilla whey protein 1 scoop, stirred into the yoghurt for a thick protein base.	30 g
Honey Approximately 2 tbsp.	41 g

TO PLATE IT UP

Mixed berries (fresh or frozen) Fresh or frozen.	100 g
Chia seeds	10 g
Granola Approximately 1/3 cup, for crunch.	40 g

METHOD

1. Spoon the Greek yoghurt into a bowl, add the whey and honey, and stir until smooth and creamy — loosen with a splash of milk if it gets too thick.
2. Top with the berries, a sprinkle of chia, and a scatter of granola.

Cook fresh. No-cook 5-minute assembly; the granola goes soft on contact, so build it fresh.

BREAKFAST · 15 MIN (12 HANDS-ON) · STOVETOP

Maple Muscle Toast

Thick-cut brioche French toast soaked in a whey-spiked custard, stacked with yoghurt, banana, and maple.

1,089	61 g	117 g	43 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Brioche loaf (sliced) 3 thick slices, approximately 40g each.	120 g
Egg (whole)	2
Full-cream milk	100 ml
Vanilla whey protein 1 scoop. Whisk in last so it does not clump.	30 g
Plain Greek yoghurt (full-fat) For topping.	100 g
Honey Replaces the sweetness of flavoured yoghurt. Approximately 1 tsp.	7 g
Banana 1 medium, sliced, for topping.	120 g
Maple syrup Approximately 1 tbsp.	20 ml
Salted butter For the pan.	10 g
Ground cinnamon	0.5 tsp

METHOD

1. Whisk the eggs, milk, whey, and cinnamon in a wide shallow bowl until completely smooth — add the whey last and whisk well so it does not clump.
2. Soak each brioche slice in the custard for 20-30 seconds per side — long enough to soak through, not so long it falls apart.
3. Melt the butter in a non-stick pan over medium heat. Cook the soaked slices for 2-3 minutes per side until golden and set.
4. Stack on a plate, dollop over the Greek yoghurt and drizzle with the honey, fan the sliced banana on top, and drizzle with maple syrup.

Cook fresh. Custard-soaked French toast — goes soggy and the texture dies if made ahead. Cook fresh.

BREAKFAST · 8 MIN (5 HANDS-ON) · STOVETOP

Muscle Oats

Creamy oats cooked in milk with whey, banana, and peanut butter — the classic bulking porridge.

945	51 g	120 g	32 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Rolled oats (raw) Approximately 3/4 cup.	80 g
Full-cream milk	250 ml
Vanilla whey protein 1 scoop. Stir in off the heat so it stays smooth.	30 g
Banana 1 medium, sliced, for topping.	120 g
Peanut butter (natural) Approximately 2 tbsp, for topping.	32 g
Honey Approximately 1 tbsp.	21 g
Ground cinnamon	1 tsp

METHOD

1. Combine the oats and milk in a small saucepan over medium heat. Stir often and simmer for 4-5 minutes until thick and creamy.
2. Take it off the heat and let it sit for a minute, then stir the whey through — off the heat keeps it smooth rather than grainy.
3. Stir in the honey and cinnamon, then tip into a bowl.
4. Top with the sliced banana and peanut butter (warm the peanut butter 15 seconds to drizzle, if you like).

Cook fresh. Stovetop porridge is best fresh; the whey is stirred in off the heat and turns grainy when reheated. **Or:** Microwave, 5 min. Steps in the app.

BREAKFAST · 5 MIN · NO-COOK

PB Banana Toast

Toasted sourdough with peanut butter and a whey-spiked mashed-banana spread, finished with honey and chia.

854	44 g	115 g	27 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Crusty sourdough or baguette 2-3 slices.	120 g
Peanut butter (natural) Approximately 2.5 tbsp.	40 g
Banana 1 medium.	120 g
Vanilla whey protein Mashed into the banana so it spreads smooth.	25 g
Honey Approximately 2 tsp.	14 g
Chia seeds	8 g

METHOD

1. Toast the sourdough.
2. Mash the banana in a bowl with a fork, sprinkle in the whey, and mash again until smooth and combined.
3. Spread the peanut butter over the toast, then spread the banana-whey mash on top.
4. Drizzle with honey and sprinkle over the chia seeds.

Cook fresh. Toast goes soft and the mashed banana browns — assemble fresh.

BREAKFAST · 4 H 5 MIN (5 HANDS-ON) · NO-COOK (OVERNIGHT)

Protein Overnight Oats

Creamy no-cook oats soaked overnight with Greek yoghurt, whey, and chia, topped with banana.

797	51 g	106 g	21 g
KCAL	PROTEIN	CARBS	FAT

2 ways to serve. Loaded Protein Overnight Oats 1,169 kcal / 62 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Rolled oats (raw) Approximately 1/2 cup.	50 g
Chia seeds Thickens the oats as they soak.	10 g
Vanilla whey protein 1 scoop. Pre-mix with a splash of the milk to avoid clumps.	30 g
Full-cream milk	200 ml
Plain Greek yoghurt (full-fat)	120 g
Honey Approximately 1 1/2 tbsp.	29 g

TO PLATE IT UP

Banana 1 medium, sliced over the top.	120 g

METHOD

1. Add the oats, chia, whey, milk, Greek yoghurt, and honey to a jar or container and stir well until no dry pockets or whey clumps remain.
2. Seal and refrigerate for at least 4 hours, ideally overnight.
3. In the morning, give it a stir and loosen with a splash of milk if it has thickened too much.
4. Slice the banana over the top.

Prep ahead. Made-ahead by design — stir oats, chia, whey, milk, yoghurt and honey in the jar and refrigerate. Add banana and any loaded toppings fresh when serving.
Keeps: fridge 4 days · freezer 2 months.

BREAKFAST · 18 MIN (15 HANDS-ON) · STOVETOP

Protein Pancakes

Fluffy blender pancakes of oats, whey, Greek yoghurt, and egg, topped with berries and maple.

789	55 g	81 g	28 g
KCAL	PROTEIN	CARBS	FAT

2 ways to serve. Loaded Protein Pancakes 1,049 kcal / 62 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Rolled oats (raw) Blended to a flour.	60 g
Vanilla whey protein 1 scoop.	30 g
Egg (whole)	2
Plain Greek yoghurt (full-fat) Keeps the pancakes moist and fluffy.	80 g
Honey Replaces the sweetness of flavoured yoghurt. Approximately 1 tsp.	6 g
Full-cream milk To thin the batter.	60 ml
Baking powder	1 tsp
Salted butter For the pan.	8 g

TO PLATE IT UP

Mixed berries (fresh or frozen) Fresh or frozen, scattered on top.	80 g
Maple syrup Approximately 1 tbsp.	20 ml

METHOD

1. Blend the oats, whey, eggs, Greek yoghurt, honey, milk, and baking powder into a smooth batter and let it rest for 5 minutes.
2. Melt the butter in a non-stick pan over medium heat. Pour in about 1/4 cup of batter per pancake and cook for about 2 minutes until bubbles form on the surface.
3. Flip and cook another 1-2 minutes until golden and set. Repeat with the remaining batter.
4. Stack the pancakes, scatter over the berries, and drizzle with maple syrup.

Prep ahead. Cook the whole stack ahead and reheat. Toppings (berries, banana, peanut butter, maple) go on fresh when serving. **Keeps:** fridge 3 days · freezer 1 months.

BREAKFAST · 12 MIN (10 HANDS-ON) · STOVETOP

Scramble Stack

Soft-scrambled cheesy eggs piled on buttered sourdough with smashed avocado — the savoury staple.

933	48 g	61 g	56 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Egg (whole)	4
Tasty cheese Stirred through the eggs at the end.	40 g
Crusty sourdough or baguette 2 thick slices.	100 g
Avocado Flesh only, smashed onto the toast.	80 g
Salted butter For the eggs and the toast.	12 g
Salt	0.25 tsp
Ground black pepper	0.25 tsp

METHOD

1. Crack the eggs into a bowl, season with the salt and pepper, and whisk until just combined.
2. Toast the sourdough, spread with half the butter, smash the avocado on top, and season.
3. Melt the rest of the butter in a non-stick pan over medium-low heat. Add the eggs and stir gently, pulling them in from the edges until softly set — about 2-3 minutes. Stir the cheese through in the last 30 seconds.
4. Pile the cheesy scramble onto the avocado toast, crack over more pepper, and eat immediately.

Cook fresh. Soft scrambled eggs on toast — eggs overcook on reheat and the toast sogs. Make fresh.

Shakshuka

895	48 g	89 g	40 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Egg (whole)	4
Canned crushed tomatoes	250 g
Red capsicum Diced.	100 g
Brown onion Diced.	80 g
Feta cheese Crumbled on top.	40 g
Crusty sourdough or baguette 2 slices, to serve and scoop.	100 g
Olive oil	9 g
Garlic Crushed.	2 cloves
Ground cumin	1 tsp
Sweet paprika	1 tsp
Salt	0.5 tsp
Ground black pepper	0.25 tsp

METHOD

1. Saute the diced onion, capsicum, and crushed garlic in the olive oil over medium heat for 5-7 minutes until soft.
2. Add the crushed tomatoes, cumin, paprika, salt, and pepper, and simmer for 8-10 minutes until thickened.
3. Make one well per egg (4 per serving), crack an egg into each, cover, and cook 5-7 minutes until the whites are set but yolks still runny.
4. Crumble the feta over the top and serve straight from the pan with the sourdough.

Prep ahead. Spiced tomato-capsicum sauce **Keeps:** fridge 4 days · freezer 3 months.

BREAKFAST · 12 MIN (10 HANDS-ON) · STOVETOP

Smoked Salmon Bagel

A toasted bagel with cream cheese, smoked salmon, avocado, cucumber, red onion, and fried eggs — the gym-coded brunch bagel.

795	45 g	59 g	43 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Smoked salmon	100 g
Bagel	1
Cream cheese	40 g
Egg (whole) Fried, yolks soft.	2
Avocado Sliced.	60 g
Cucumber Sliced.	40 g
Brown onion Thinly sliced. Red onion is milder raw if you have it.	20 g
Olive oil For frying the eggs.	5 g
Salt	0.25 tsp
Ground black pepper	0.25 tsp

METHOD

1. Slice and toast the bagel, and fry the eggs in the olive oil to your liking — keep the yolks soft.
2. Spread the cream cheese over both toasted bagel halves and season (a squeeze of lemon and dill is great if you have them).
3. Layer the cucumber, smoked salmon, brown (or red) onion, avocado, and fried eggs on the base.
4. Top with the other bagel half, press gently, and slice.

Cook fresh. A toasted-bagel assembly with avocado and fried eggs — build fresh.

BREAKFAST · 22 MIN (20 HANDS-ON) · STOVETOP

Steak & Eggs

Garlic-butter seared sirloin with fried eggs and crispy pan potatoes — the highest-protein plate in the set.

795	68 g	38 g	41 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Sirloin steak	200 g
Egg (whole)	3
Waxy potato (Desiree or Dutch Cream) Diced small.	200 g
Salted butter For searing the steak.	12 g
Olive oil For the potatoes.	7 g
Garlic Crushed, for the steak butter.	2 cloves
Salt	0.5 tsp
Ground black pepper	0.5 tsp

METHOD

1. Pat the steak dry, season both sides with salt and pepper, and leave it to come up to room temperature.
2. Dice the potatoes and pan-fry in the olive oil over medium-high heat for 12-15 minutes until golden and tender, then season and set aside.
3. Sear the steak in the butter with the crushed garlic over high heat, 2-3 minutes per side for medium, then rest it for 5 minutes.
4. Fry the eggs in the same pan, slice the rested steak, and plate everything together.

Cook fresh. Seared steak, fried eggs and crispy pan potatoes are all texture-critical — make fresh.

Beef & Broccoli Stir-Fry

Velveted lean beef and broccoli in a glossy brown sauce over jasmine rice — a fast one-pan stir-fry built for bulking. Makes 4 meal-prep portions.

777	56 g	96 g	19 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Sirloin steak Sliced thin against the grain. 200g per serving.	800 g
Jasmine rice (dry) 2 cups uncooked.	370 g
Broccoli florets Florets.	500 g
Olive oil For searing.	28 g
Stir-fry sauce (bottled, oyster-style) Oyster-based stir-fry sauce — a beef & broccoli or all-purpose blend.	200 g

METHOD

1. Get the rice on first. Slice the beef into thin strips against the grain.
2. Sear the beef in the oil in a ripping-hot pan or wok in two batches, 1-2 minutes a batch — remove it while it is still pink inside.
3. Stir-fry the broccoli with a splash of water for 2 minutes. Return the beef, pour in the stir-fry sauce, and toss for 1-2 minutes until glossy.
4. Serve over the rice.

Beef Bulgogi Bowl

Korean BBQ beef — thinly sliced beef in a sweet-savoury soy-sesame-garlic marinade, seared hot until caramelised, over jasmine rice with spring onion and sesame. A sweeter, nuttier counterpart to the beef & broccoli stir-fry.

KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Sirloin steak Sliced thin against the grain; freeze ~1hr first for easier slicing. 200g per serving.	800 g
Jasmine rice (dry) 2 cups uncooked.	370 g
Sesame seeds Half in marinade, half to garnish.	9 g
Olive oil For searing.	14 g
Spring onion Sliced, to garnish.	2
Bulgogi marinade (bottled) One 240g bottle — Ottogi-style Korean BBQ bulgogi marinade.	240 g

METHOD

1. Get the rice on first. Slice the beef as thinly as you can against the grain — if you have time, an hour in the freezer beforehand makes this much easier.
2. Toss the beef with the bulgogi marinade. It can go straight into the pan, or sit while the rice cooks for deeper flavour.
3. Sear the beef in the oil in a ripping-hot pan in two or three batches, 2-3 minutes a batch, until caramelised at the edges.
4. Serve over the rice, topped with the spring onion and sesame seeds.

Prep ahead. Marinate and sear the beef and cook the rice ahead; both reheat. Spring onion and sesame on top. **Keeps:** fridge 4 days · freezer 3 months. **Make it from scratch:** From Scratch, +25 min. The scratch version with every step is in the app.

Beef Ragù with Gnocchi

Beef ragù in a rich tomato sauce tossed through pillowy gnocchi and finished with parmesan. The braise toggle slow-cooks whole chuck 2-3 hrs until it shreds — the library's best meal-prepper.

KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Gnocchi (store-bought) 200g/serve; cook fresh to packet.	800 g
Brown onion	150 g
Parmesan (grated) To finish.	40 g
Dried oregano	1 tsp
Salt	1.5 tsp
Ground black pepper	0.5 tsp
Beef mince (regular fat) ~200g per serve. 3-star mince — the fat is flavour.	800 g
Tomato pasta sauce (jar) Two 500g jars — any tomato or bolognese pasta sauce.	1000 g

METHOD

1. Dice the onion. Brown the beef mince and onion together in a large deep pan over medium-high heat, breaking the mince up — about 6-7 minutes. The mince renders its own fat.
2. Pour in the jar sauce (swirl a splash of water in each jar to get the last of it out). Simmer for 12-15 minutes, stirring occasionally, until thick and rich. Season with the salt, pepper, and oregano to taste.
3. Meanwhile, cook the gnocchi in salted boiling water per the packet — they are done about a minute after they float. Drain, keeping a splash of the cooking water.
4. Toss the gnocchi through the ragù with the splash of cooking water to loosen. Serve topped with the parmesan.

2 ways to serve. Butter Chicken 633 kcal / 43 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Chicken thigh, boneless skinless	200 g
Coriander / cilantro (fresh) for garnish	4 g
Butter chicken simmer sauce (jar) or equivalent jar sauce	200 g
Thickened cream	30 ml

TO PLATE IT UP

Basmati rice (dry)	60 g

METHOD

1. Cut chicken thigh into 3 cm cubes.
2. Brown the chicken in a non-stick frying pan over medium-high heat for 6-7 minutes until cooked through and lightly golden. Thigh renders its own fat — add a splash of oil only if it sticks.
3. Pour in the jar sauce and thickened cream. Stir to coat the chicken and simmer for 3-4 minutes until the sauce is heated through.
4. Garnish with fresh coriander leaves.
5. Cook the basmati rice: 60g dry with 120ml water on a low simmer, covered, for 12 minutes, then rest off heat 5 minutes. Rice cooker or a microwave pouch works too.
6. Serve the curry over the rice.

Prep ahead. Cook the curry ahead; it reheats well and improves overnight. Rice is grab-and-go / done day-of on the rice plate. Carne Asada Bowl

Citrus-marinated grilled steak, sliced thin against the grain, over cilantro-lime rice with black beans, corn, pico, and cheese. The first whole-cut beef dish — a charred, citrusy contrast to the soy-glaze beef meals. Makes 4.

829	63 g	95 g	22 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Sirloin steak Lean sirloin (default/accessible) or flank/skirt (authentic, fattier). 200g per serving.	800 g
Jasmine rice (dry) Cilantro-lime style; ~75g dry/serve.	300 g
Canned black beans One drained can.	250 g
Sweetcorn (canned or frozen)	200 g
Cherry tomatoes Pico; or any tomato.	200 g
Brown onion Red onion for the pico. ~1 medium onion.	150 g
Lime Marinade + cilantro-lime rice.	2
Tasty cheese Grated topping; optional.	80 g
Olive oil ~1 tbsp.	14 g
Coriander / cilantro (fresh) Rice + pico.	15 g
Taco/fajita seasoning (sachet) One ~30g sachet — taco, fajita or carne asada seasoning.	30 g

METHOD

1. Get the rice on first. Rub the steak all over with the seasoning.
2. Sear the steak in the oil in a ripping-hot pan, 3-4 minutes a side for medium-rare. Rest it 5 minutes, then slice thinly against the grain.
3. While it rests, warm the beans and corn.
4. Chop the tomatoes and onion, then build the bowls: rice, beans, corn, tomatoes, onion, cheese, coriander, steak, and the lime squeezed over everything.

Prep ahead. Grill and slice the steak and cook the cilantro-lime rice ahead; with beans and corn it divides into containers and reheats. Carb check: the rice is cooked in the method (cook-ahead) and there is no plate-level day-of step. Salt	1.5 tsp
Ground black pepper	0.5 tsp

TO PLATE IT UP

Large flour tortilla (burrito size) Flatbread/pita; ~1.5 large per serve.	1.5

METHOD

1. Mix the mince with grated onion, garlic, paprika, salt, pepper, bicarb (and a splash of sparkling water), then rest.
2. With damp hands, roll into small fingers ~8 cm long.
3. Grill or pan-sear over medium-high ~3-4 min per side, turning once, until browned with a crust but juicy. Do not press.
4. Serve per plate (flatbread or rice plate) with ajvar.
5. Serve in flatbread.

Prep ahead. Grill the cevapi ahead; warm the flatbread, or cook the rice and make the salad, and add ajvar day-of. KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Chicken breast Cut into strips. 200g per serving.	800 g
Jasmine rice (dry) Uncooked, about 1.5 cups.	320 g
Red capsicum Sliced into strips.	300 g
Brown onion Sliced.	300 g
Canned black beans 1 can, drained and rinsed.	250 g
Olive oil For cooking.	42 g
Lime Juice and wedges.	2
Water For cooking rice.	480 ml
Taco/fajita seasoning (sachet) Two ~30g sachets — any taco or fajita seasoning.	60 g

METHOD

1. Get the rice on first with the water. Slice the chicken into strips and the capsicum and onion into thin slices.
2. Toss the chicken strips with half the seasoning. Sear them in half the oil in a hot pan, 5-6 minutes, then set aside.
3. Sauté the capsicum and onion in the rest of the oil until charred at the edges, 4-5 minutes. Return the chicken with the beans, the rest of the seasoning and a splash of water, and toss for 2 minutes.
4. Serve over the rice with the lime in wedges for squeezing.

Macaroni / short pasta (dry) 85g dry per serve; high-protein pasta swaps in.	340 g
Cottage cheese (full-fat) Blended into the sauce — the high-protein trick.	300 g
Full-cream milk Full-cream for richness, or protein/skim.	300 ml
Tasty cheese Grated cheddar/tasty (mix with mozzarella if you like); sauce + topping.	200 g
Olive oil For searing the chicken. ~1 tbsp.	14 g
Salted butter Optional roux.	20 g
Plain flour Optional roux (skip if using the blended-cottage-cheese method).	20 g
Garlic powder	1 tsp
Onion powder	1 tsp
Smoked paprika Smoked preferred.	1 tsp
Salt	1 tsp
Ground black pepper	0.5 tsp

METHOD

1. Preheat the oven to 180-200°C. Cook the macaroni to just under al dente, then drain.
2. Cook the chicken (sear diced in the olive oil for 6-8 minutes, or use pre-cooked shredded) and season.
3. Make the cheese sauce: blend the cottage cheese with the milk, warm it, then melt in most of the grated cheese with the garlic powder, onion powder, paprika, salt, and pepper. (Or build a roux: butter + flour + milk, then cheese — the cottage-cheese route is higher-protein.)
4. Fold the pasta and chicken through the sauce.
5. Transfer to a baking dish and top with the remaining grated cheese.
6. Bake about 20 minutes at 180-200°C until golden and bubbling.

Beef chuck Cut into 3.5cm cubes. Ask the butcher for it pre-cubed if you're rushed.	1200 g
Brown onion Approximately 1 large, halved and sliced 1cm thick.	250 g
Carrot Approximately 3 medium, cut into 2.5cm chunks on the diagonal.	300 g
Celery Approximately 2 stalks, cut into 2.5cm chunks.	150 g
Brown/Swiss mushrooms Halved. Optional but recommended for depth of flavour.	250 g
Baby chat potatoes Halved, skins on.	400 g
Beef casserole recipe base (sachet) Two ~50g sachets — beef casserole or similar recipe base.	100 g
Tomato paste Approximately 2 tbsp — the sachet label recipes call for it.	30 g
Water	750 ml

TO PLATE IT UP

Baking potato (Sebago or russet) Approximately 1 large or 2 medium. Sebago or Coliban for fluffy mash.	300 g
Salted butter	25 g
Thickened cream	50 ml
Full-cream milk	30 ml
Fresh flat-leaf parsley Finely chopped, for garnish.	3 g
Salt For seasoning the mash.	0.25 tsp
Ground black pepper For seasoning the mash.	0.13 tsp

METHOD

1. Cut the beef into 3.5 cm cubes (or buy it pre-cubed) and prep the vegetables — onion sliced, carrot and celery in chunks, mushrooms and potatoes halved.
2. Optional but worth it: brown the beef in a hot dry pan in two batches, 2-3 minutes a side — chuck renders enough fat on its own.
3. Add the beef, vegetables, recipe base sachets, tomato paste, and HALF the water to the slow cooker. Stir well. Hold the rest of the water back — slow cookers don't reduce; stir it in at the end only if the stew is thicker than you like.
4. Cook on LOW for 8 hours or HIGH for 4. LOW is worth it for chuck — the slow climb breaks the connective tissue down completely; HIGH works but the beef comes out a touch stringier.
5. Taste and season.
6. Peel the potato and cut into 3cm chunks. Place in a saucepan, cover with cold water, and salt generously. Boil 15-18 minutes until knife-tender; meanwhile, reheat a serving of stew until piping hot.
7. Drain thoroughly, return to the hot empty saucepan, and leave for 30 seconds to steam off moisture.
8. Add the butter, cream, and milk. Mash until smooth. Season with salt and pepper.
9. Pile the mash into a wide shallow bowl. Make a small well in the centre.
10. Ladle a generous portion of stew over and around the mash — make sure plenty of sauce hits the mash.
11. Scatter parsley over the top.

Slow-Cooked BBQ Pulled Pork

1,307	64 g	74 g	82 g
KCAL	PROTEIN	CARBS	FAT

6 ways to serve. BBQ Pulled Pork 772 kcal / 48 g · Pulled Pork Rice Bowl 1,405 kcal / 64 g · Loaded Pulled Pork Baked Potato 1,269 kcal / 63 g · Pulled Pork Tacos 1,343 kcal / 65 g · Pulled Pork Mac & Cheese Stack 2,054 kcal / 107 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Pork shoulder, boneless	2200 g
Cloudy apple juice Pour around the pork in the slow cooker, not over the rub.	180 ml
BBQ sauce (bottled) One 500ml bottle is about 575g — use most of it. Any smoky BBQ sauce.	500 g
Salt	1 tsp
Ground black pepper	0.5 tsp
TO PLATE IT UP	
Brioche burger bun	1
Coleslaw (mayo-based)	100 g
Tasty cheese	30 g

METHOD

1. Pat the pork dry and season all over with the salt and pepper.
2. Place in the slow cooker, fat cap up. Pour the apple juice around the pork — not over it.
3. Cook on LOW for 8 hours or HIGH for 4-5, until it shreds easily under light fork pressure. LOW is worth it for shoulder — the collagen melts out completely and the shreds come out silky; HIGH works but slightly firmer.
4. Lift the pork out. Skim the fat off the cooking liquid and keep a few tablespoons; discard the rest. Shred with two forks, discarding any large pieces of gristle, and moisten with the reserved liquid if the pork looks dry. If you are making the Pulled Pork Tacos plate this week, reserve approximately 151g of plain shredded pork per planned tacos serve before saucing.
5. Pour the bottled BBQ sauce over the shredded pork and toss until coated. Warm through — a few minutes back in the cooker on HIGH — so the sauce clings.
6. Split and lightly toast the brioche bun (cut side down in a dry pan, 1 minute).
7. Pile 1 serving of BBQ pulled pork onto the bottom bun.
8. Scatter grated cheese over the hot pork — residual heat melts it.
9. Top with coleslaw, lid on, eat immediately.

Prep ahead. Slow-cook the whole shoulder, shred and toss with sauce ahead; the sauced pork reheats whole. Bun, rice, baked potato, tacos and mac are all assembled per plate day-of. **Keeps:** fridge 4 days · freezer 3 months. **Make it from scratch:** From Scratch, +1 h. Slow-Cooked Lamb Shanks

1,183	57 g	81 g	73 g
KCAL	PROTEIN	CARBS	FAT

2 ways to serve. Slow-Cooked Lamb Shank 580 kcal / 49 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Lamb shank (bone-in) Approximately 400g each. Ask for French-trimmed if you want the bone exposed nicely.	4
Brown onion Approximately 1 medium, finely diced.	150 g
Carrot Approximately 1 large, finely diced (about 1 cup).	130 g
Celery Approximately 2 stalks, finely diced (about 1 cup).	100 g
Slow-cook recipe base (pouch) One 175g pouch — lamb shanks or lamb casserole slow-cook recipe base.	175 g
Canned crushed tomatoes One 400g tin.	400 g
Tomato paste One 140g tub — per the pouch label recipe.	140 g
TO PLATE IT UP	
Baking potato (Sebago or russet) Approximately 1 large or 2 medium. Sebago or Coliban for fluffy mash — don't use Desiree, it's too waxy.	300 g
Salted butter	25 g
Thickened cream	50 ml
Full-cream milk	30 ml
Fresh flat-leaf parsley Finely chopped, for garnish.	3 g
Salt For seasoning the mash.	0.25 tsp
Ground black pepper For seasoning the mash.	0.13 tsp

METHOD

1. Optional but worth it: brown the shanks all over in a hot pan, about 2 minutes a side.
2. Add the onion, carrot, celery, crushed tomatoes, tomato paste, and the recipe base pouch to the slow cooker. Stir, then nestle the shanks in so they are mostly submerged.
3. Cook on LOW for 8 hours or HIGH for 4. LOW is strongly preferred for shanks — the collagen melts out completely and the meat slips off the bone; HIGH works but comes out firmer.
4. Lift the shanks out gently (they will be fragile), skim the fat off the sauce, and season to taste. Spoon the sauce over to serve.
5. Peel the potato and cut into 3cm chunks. Place in a large saucepan, cover with cold water, and add a generous pinch of salt. Bring to a boil and cook 15-18 minutes until a knife slides in with no resistance.
6. Drain the potatoes thoroughly, then return them to the empty hot saucepan. Leave for 30 seconds — this steams off excess moisture and gives you fluffier mash.
7. Add the butter, cream, and milk. Mash until smooth (or use a potato ricer if you want it silky). Season generously with salt and pepper. Taste and adjust.
8. Pile the hot mash into a wide shallow bowl. Make a slight well in the middle.
9. Place the lamb shank on top of the mash. Spoon a generous amount of the sauce over the shank and onto the mash — the sauce should pool around the base.
10. Scatter the chopped parsley over the top. Serve immediately.

Prep ahead. Braise the shanks and reduce the sauce ahead; reheat the shanks in the sauce. The creamy mash is made per plate day-of. **Keeps:** fridge 4 days · freezer 3 months. **Make it from scratch:** From Scratch, +30 min. Slow-Cooked Massaman Beef Curry

1,322	56 g	117 g	71 g
KCAL	PROTEIN	CARBS	FAT

2 ways to serve. Massaman Beef Curry 836 kcal / 44 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Beef chuck Cut into 4cm cubes. Ask the butcher for chuck steak or gravy beef.	1600 g
Brown onion Approximately 1 large onion, sliced.	200 g
Waxy potato (Desiree or Dutch Cream) Peeled and cut into 3cm chunks. Do not substitute with starchy baking potatoes — they fall apart.	800 g
Massaman curry paste Any jarred massaman paste.	200 g
Coconut cream	800 ml
Beef stock (liquid) Canonical for both methods — on the stovetop, top up with a splash of water if it reduces hard.	500 ml
Fish sauce	45 ml
Brown sugar	30 g
TO PLATE IT UP	
Basmati rice (dry) Approximately 100g dry rice. Cook per packet directions or in a rice cooker.	100 g
Roasted peanuts (unsalted) Roughly crushed.	20 g
Coriander / cilantro (fresh)	4 g
Lime One wedge, approximately 5ml juice.	0.25

METHOD

1. Cut the beef into 4 cm cubes, peel and chunk the potatoes, and slice the onion.
2. Add the beef, potato, onion, curry paste, stock, fish sauce, and brown sugar to the slow cooker — hold the coconut cream back for now. Stir until the paste is evenly distributed.
3. Cook on LOW for 8 hours or HIGH for 5, until the beef is fork-tender. LOW is worth it for chuck — the slow climb breaks the connective tissue down completely; HIGH works but the beef comes out a touch stringier.
4. Stir in the coconut cream for the last 30-45 minutes of cooking — added at the start it splits and turns greasy over a long cook. Then taste and adjust: more fish sauce for salt, more sugar for sweetness. If the sauce looks thin, gently mash 2-3 potato chunks into it.
5. Cook the rice according to packet directions, or use a rice cooker. 100g dry basmati + 200ml water on a low simmer, covered, for 12 minutes, then rest off heat 5 minutes.
6. Reheat 1 serving of massaman curry in a small saucepan or microwave. Don't boil hard — gentle warming preserves the texture of the beef.
7. Pile the rice into a bowl on one side, ladle the curry over the other side (or on top of the rice).
8. Scatter crushed peanuts over the curry. Top with fresh coriander leaves.
9. Squeeze the lime wedge over everything just before eating.

Prep ahead. Cook the curry ahead; it reheats whole and deepens overnight. INGREDIENTS · 1 SERVE

Beef mince (regular fat) Don't use lean — fat is doing real work here.	1000 g
Tomato pasta sauce (jar) Two 500g jars — any tomato or bolognese pasta sauce.	1000 g
TO PLATE IT UP	
Spaghetti (dry)	100 g
Parmesan (grated)	20 g
Olive oil For the finishing drizzle.	5 g
Salt For the pasta water.	1 tsp

METHOD

1. Brown the beef mince in a large frying pan over high heat, breaking it up with a wooden spoon — about 5-6 minutes. The mince renders its own fat; drain the excess only if it pools.
2. Transfer the mince to the slow cooker and pour in the jar sauce. Swirl a splash of water in each jar to get the last of it out, and add. Stir well.
3. Cook on LOW for 4-6 hours or HIGH for 3. With mince either setting works — this stage is about melding flavour, not tenderising.
4. Taste and season with salt and pepper. If the sauce looks too liquid, prop the lid open with a wooden spoon handle and cook on HIGH for a final 20 minutes.
5. Bring a large pot of well-salted water to the boil. Cook the spaghetti for 1 minute less than the packet directions — you want it firm because it'll finish in the sauce.
6. While the pasta cooks, reheat 1 serving of bolognese in a large pan over medium heat. Reserve ½ cup of pasta cooking water before draining.
7. Drain the spaghetti and add it directly to the sauce pan. Add a splash (~50ml) of the pasta water. Toss vigorously over medium heat for 1 minute — the starch in the water emulsifies the sauce and makes it cling to the pasta.
8. Plate. Top with grated parmesan and a drizzle of olive oil.

Prep ahead. Simmer the ragu ahead; it reheats whole and improves overnight. Pasta, garlic bread, baked potato and the lasagne bake are all done per plate day-of. **Keeps:** fridge 4 days · freezer 3 months. **Make it from scratch:** From Scratch, +1 h 55 min. 3 ways to serve. Chilli Con Carne 505 kcal / 31 g · Loaded Chilli Nachos 1,231 kcal / 49 g. Recipes for each in the app.

INGREDIENTS · 1 SERVE

Beef mince (regular fat) Don't use lean — fat is doing real work here.	1000 g
Brown onion Approximately 2 medium onions, diced.	300 g
Chilli con carne seasoning mix (sachet) Two ~40g sachets — chilli con carne or taco seasoning.	80 g
Canned crushed tomatoes Two 800g tins.	1600 g
Canned red kidney beans Drained weight — one 400g tin.	250 g
Canned black beans Drained weight — one 400g tin.	250 g
Water	250 ml

TO PLATE IT UP

Basmati rice (dry) Approximately 85g dry rice. Cook per packet directions or in a rice cooker.	85 g
Tasty cheese	30 g
Sour cream	30 g
Avocado Approximately half a small avocado.	80 g
Coriander / cilantro (fresh)	4 g
Lime One wedge, approximately 5ml juice.	0.25

METHOD

1. Brown the beef mince and diced onion together in a large frying pan over medium-high heat, breaking the mince up — about 6-7 minutes. The mince renders its own fat.
2. Transfer to the slow cooker with the seasoning mix, crushed tomatoes, and drained beans. Stir well. Hold the water back — slow cookers don't reduce, and the tomatoes bring plenty of liquid; add a splash only if it looks dry.
3. Cook on LOW for 6 hours or HIGH for 4. With mince either setting works — the long cook is for flavour, not tenderising.
4. Taste and adjust. If it looks too liquid, prop the lid open and cook on HIGH for a final 20 minutes.
5. Cook the rice according to packet directions, or use a rice cooker. 85g dry basmati + 170ml water on a low simmer, covered, for 12 minutes, then rest off heat 5 minutes.
6. Reheat 1 serving of chilli in a saucepan or microwave.
7. Pile the rice into a bowl. Ladle the chilli over the rice — generously, you want sauce flooding the rice.
8. Top with grated cheese (the heat melts it), a dollop of sour cream, sliced or smashed avocado, and a scatter of fresh coriander leaves.
9. Squeeze the lime wedge over everything just before eating.

Prep ahead. Cook the chilli ahead; it reheats whole. Rice and corn chips are done per plate day-of. **Keeps:** fridge 4 days · freezer 3 months. **Make it from scratch:** From Scratch, +1 h 10 min. The scratch version with every step is in the app. **Or:** Stovetop, 45 min. Steps in the app.

Spaghetti Carbonara

Classic Roman carbonara — spaghetti tossed with crispy cured pork and a glossy egg-and-cheese sauce emulsified with starchy pasta water, finished with lots of black pepper. No cream. Cook fresh and eat immediately; the sauce does not store or reheat.

1,094	55 g	96 g	53 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Spaghetti (dry) Dry. Generous single portion.	125 g
Bacon (rashers) Streaky bacon or pancetta, cut into batons. Guanciale is the authentic upgrade.	80 g
Egg (whole) 1 whole egg + 1 extra yolk per serving for richness — treat as ~2 eggs in macros.	2
Parmesan (grated) Finely grated. Pecorino Romano is the authentic upgrade. Some reserved for topping.	40 g
Ground black pepper Freshly ground, generous.	0.75 tsp
Salt For the pasta water.	1 tsp

METHOD

1. Bring a pot of well-salted water to the boil and cook the spaghetti al dente. Reserve a cup of the starchy pasta water before draining.
2. In a cold pan brought up to medium-high, render the bacon until crisp, keeping the rendered fat.
3. Beat the whole egg plus extra yolk with the grated parmesan and lots of black pepper into a thick paste.
4. Off the heat, toss the hot drained pasta with the pork and its fat, then stir through the egg-cheese mix, loosening with splashes of pasta water until glossy and creamy. Keep the pan off direct heat so the egg emulsifies rather than scrambles.
5. Serve immediately, topped with the reserved cheese and black pepper.

Cook fresh. The egg-and-cheese emulsion splits and scrambles on reheat and the pasta turns claggy — carbonara only works cooked fresh and eaten immediately (the recipe explicitly states the sauce does not store or reheat).

Coriander / cilantro (fresh)	12 g
Taco/fajita seasoning (sachet) Two ~30g sachets — a chipotle or smoky taco blend suits this best.	60 g

TO PLATE IT UP

Large flour tortilla (burrito size)	1

METHOD

1. Get the rice on first. Dice the thighs and toss them with the seasoning.
2. Sear the chicken in the oil in a hot pan until cooked through and charred at the edges, 6-8 minutes.
3. Stir the beans, tomatoes and onion through to warm for 2 minutes.
4. Assemble with the rice, cheese, coriander and a squeeze of lime.
5. Wrap the burrito.

Prep ahead. The filling (chicken, rice, beans) is batch-and-reheat; the burrito_bowl plate is fully reheatable. The only day-of step is wrapping a fresh tortilla and the quick salsa — trivial assembly, so the meal stays full. **Keeps:** fridge 4 days · freezer 3 months. **Make it from scratch:** From Scratch. Banana Bulk

Simple banana-date smoothie with cinnamon — the cheapest bulker in the database

1,278	68 g	157 g	49 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Full-cream milk	350 ml
Banana 2 frozen bananas, peeled.	240 g
Plain Greek yoghurt (full-fat)	200 g
Vanilla whey protein 1 scoop.	30 g
Peanut butter (natural) Approximately 3 tbsp.	48 g
Medjool dates 2 dates, pitted.	48 g
Honey Approximately 1 1/2 tbsp.	35 g
Ground cinnamon	1 tsp

METHOD

1. Pit the dates if needed and roughly chop them — this helps them blend.
2. Add the milk and yoghurt to the blender first.
3. Add the frozen bananas, dates, whey, peanut butter, honey, and cinnamon.
4. Blend on high for 60 seconds until completely smooth — the dates need extra time to fully break down.
5. Pour into a tall glass. The cheapest smoothie in the database — total ingredient cost roughly $3 AUD.

Cook fresh. Blend and drink fresh — made ahead it separates, oxidises, and the frozen-fruit/whey texture collapses.

INGREDIENTS · 1 SERVE

Full-cream milk	300 ml
Banana Frozen, peeled. Roughly 1 medium banana.	120 g
Vanilla ice cream Approximately ½ cup.	60 g
Chocolate whey protein 2 scoops.	60 g
Peanut butter (natural) Approximately 2 tbsp.	32 g
Cocoa powder (unsweetened) Approximately 1 tbsp.	5 g
Honey Approximately 1 tbsp.	21 g
Rolled oats (raw)	50 g

METHOD

1. Add the milk to the blender first so the dry ingredients have something to blend into.
2. Add the frozen banana, ice cream, whey, peanut butter, cocoa, honey, and oats.
3. Start at low speed for 5 seconds to break up the frozen banana, then increase to high speed.
4. Blend on high for 45-60 seconds until completely smooth and no oat texture remains.
5. Pour into a large glass. Best within 30 minutes of a workout — the carb-to-protein ratio is built for recovery.

INGREDIENTS · 1 SERVE

Full-cream milk	300 ml
Banana Frozen, peeled. Roughly 1 medium banana.	120 g
Plain Greek yoghurt (full-fat)	200 g
Chocolate whey protein 1 scoop.	30 g
Oreo cookies Approximately 4 cookies. Reserve one for crushing over the top.	44 g
Peanut butter (natural) Approximately 1 tbsp.	16 g
Honey Approximately 1 1/2 tbsp.	35 g
Vanilla ice cream	50 g

METHOD

1. Add the milk and yoghurt to the blender first.
2. Add the banana, whey, 3 of the Oreos, peanut butter, honey, and ice cream.
3. Blend on high for 45-60 seconds until smooth. Some small Oreo flecks are fine — they add texture.
4. Pour into a tall glass. Crush the reserved Oreo and sprinkle over the top.

Dirty Eden

1,127	64 g	115 g	53 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Coconut water	300 ml
Full-cream milk	200 ml
Banana Frozen, peeled.	120 g
Frozen pineapple chunks Approximately 1 cup.	165 g
Baby spinach leaves Approximately 2 large handfuls.	60 g
Avocado Approximately half a medium avocado, flesh only.	100 g
Plain Greek yoghurt (full-fat) Plain, not vanilla — keeps the green flavour profile clean.	200 g
Vanilla whey protein 1 scoop.	30 g
Almond butter Approximately 2 tbsp.	32 g
Honey Approximately 1 tbsp.	21 g
Lemon juice Juice of half a lemon.	20 ml
Fresh mint leaves	6

METHOD

1. Add the liquids (coconut water, milk, lemon juice) to the blender first.
2. Add the spinach and mint and pulse briefly to break them down before adding the heavier ingredients.
3. Add everything else — banana, pineapple, avocado, yoghurt, whey, almond butter, honey.
4. Blend on high for 60–90 seconds until completely smooth. Green smoothies need a bit longer to fully break down the leaves.
5. Pour into a tall glass. Tastes tropical, not green — the pineapple and banana dominate the flavour.

Cook fresh. Blend and drink fresh — made ahead it separates, oxidises, and the frozen-fruit/whey texture collapses.

Energy Lift Heavy

Caffeinated pre-workout smoothie with mango and chia — energy and nutrition combined

942	57 g	112 g	33 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Full-cream milk	300 ml
Banana Frozen, peeled.	120 g
Frozen mango chunks Approximately 1 cup.	165 g
Plain Greek yoghurt (full-fat)	200 g
Vanilla whey protein 1 scoop.	30 g
Coconut cream Approximately 2 tbsp.	30 ml
Honey Approximately 1 1/2 tbsp.	35 g
Espresso shot 1 shot, cooled. Substitute: 1 tsp instant coffee dissolved in 30ml hot water then cooled.	30 ml
Chia seeds Approximately 1 tbsp.	12 g

METHOD

1. Brew the espresso first and let it cool while you measure the other ingredients (or use leftover cold espresso).
2. Add all ingredients to a high-powered blender.
3. Blend on high for 45-60 seconds until smooth. The chia seeds will thicken the smoothie if it sits — drink within 5 minutes.
4. Best consumed 30-45 minutes before training.

1,398	88 g	99 g	78 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Full-cream milk	300 ml
Thickened cream	100 ml
Banana Frozen, peeled. Roughly 1 medium banana.	120 g
Plain Greek yoghurt (full-fat)	200 g
Chocolate whey protein 2 scoops.	60 g
Cocoa powder (unsweetened) Approximately 2 tbsp.	10 g
Peanut butter (natural) Approximately 2 tbsp.	32 g
Honey Approximately 1 1/2 tbsp.	35 g
Salt Pinch — enhances the chocolate flavour.	0.25 tsp

METHOD

1. Add the milk, cream, and yoghurt to the blender first to give the dry ingredients something to blend into.
2. Add the frozen banana, whey, cocoa powder, peanut butter, honey, and salt.
3. Start at low speed for 5 seconds to break up the frozen banana, then increase to high speed.
4. Blend on high for 60 seconds until completely smooth and silky. The thickened cream should be fully incorporated.
5. Pour into a large glass. The salt is essential — it transforms the flavour from "sad gym shake" to "Maccas thick shake."

INGREDIENTS · 1 SERVE

Plain flour About 1 cup. The base for thin, delicate crêpes.	150 g
Egg (whole) For richness and structure.	2
Full-cream milk Creates the signature thin texture.	400 ml
White sugar Just enough for a hint of sweetness.	20 g
Salt Balances the sweetness.	0.25 tsp
Salted butter Melted, for the batter and pan.	30 g
Jam (mixed berry or apricot) Traditional filling — mixed berry or apricot work best.	100 g

METHOD

1. Whisk the flour, eggs, milk, sugar, salt, and half the melted butter until smooth and thin.
2. Rest the batter 10 minutes, then heat a non-stick pan over medium heat.
3. Brush the pan with butter, pour a thin layer of batter, swirl to coat, and cook 1-2 minutes until golden.
4. Flip carefully and cook another 30 seconds, then repeat with the rest of the batter, stacking the crepes with baking paper between so they do not stick.
5. Spread with jam, fold, and serve warm.

Prep ahead. Cook the batch of crepes ahead and reheat; fill with jam when serving. Stack with baking paper between them so they do not stick. **Keeps:** fridge 3 days · freezer 3 months.

Protein Banana Bread

A moist, sliceable banana-chocolate-chip loaf made with Greek yoghurt, protein powder, and oat flour. Doubles as breakfast. Makes a 10-slice loaf.

186	10 g	29 g	4 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Banana Very ripe — the riper the sweeter. About 3 medium bananas.	360 g
Plain Greek yoghurt Plain; keeps it moist and adds protein.	150 g
Egg (whole)	2
Vanilla whey protein Vanilla. Casein/blend bakes softer than isolate.	60 g
Oat flour	150 g
Maple syrup	60 ml
Baking powder	1.5 tsp
Ground cinnamon	1 tsp
Vanilla extract	1 tsp
Chocolate chips	60 g
Salt	0.5 tsp

METHOD

1. Preheat the oven to 175°C (350°F) and line a loaf tin with baking paper (two tins for more than 1.5 batches).
2. Mash the bananas, then whisk in the Greek yoghurt, eggs, maple syrup, and vanilla.
3. Stir in the protein powder, oat flour, baking powder, cinnamon, and salt until just combined, then fold in most of the chocolate chips.
4. Pour into the tin, top with the remaining chips, and bake 40-50 minutes until a skewer comes out clean.
5. Cool in the tin, then slice evenly, one slice per serving.

Prep ahead. Bake the 10-slice loaf ahead. **Keeps:** fridge 4 days · freezer 3 months.

Protein Chocolate Chip Cookies

Soft-baked flourless chocolate chip cookies — peanut butter, protein powder, and egg form the dough, no flour. Makes 10.

210	10 g	15 g	14 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Peanut butter (natural) Smooth. Forms the flourless dough base.	200 g
Vanilla whey protein Vanilla or chocolate. Whey blends/casein bake softer than isolate.	50 g
Egg (whole)	2
Honey Or coconut sugar for a more classic cookie spread.	60 g
Baking powder Or 1/2 tsp baking soda.	0.5 tsp
Vanilla extract	1 tsp
Chocolate chips Save some to press on top.	80 g
Salt	0.25 tsp

METHOD

1. Preheat the oven to 175°C (350°F) and line a baking tray with baking paper.
2. Mix the peanut butter, eggs, honey, and vanilla into a smooth paste.
3. Stir in the protein powder, baking powder, and salt to form a soft dough, then fold in most of the chocolate chips.
4. Scoop one mound per serving onto the tray (use a second tray if crowded), flatten slightly, and press the remaining chips on top.
5. Bake 8-10 minutes until the edges are golden, then cool on the tray to firm up.

Prep ahead. Bake the batch of 10 ahead. **Keeps:** fridge 5 days · freezer 3 months.

DESSERTS · 6 H 5 MIN (5 HANDS-ON) · BLEND & FREEZE (NO MACHINE)

Protein Ice Cream

Thick, creamy high-protein ice cream blended from milk, protein powder, and a little instant pudding mix, then frozen — no ice cream machine needed.

415	40 g	31 g	14 g
KCAL	PROTEIN	CARBS	FAT

INGREDIENTS · 1 SERVE

Full-cream milk Lite/skim for leaner macros, or high-protein milk for more protein.	360 ml
Vanilla whey protein About 1 to 1.5 scoops. Vanilla or chocolate.	35 g
Instant pudding mix 1 tablespoon — the anti-icy thickener.	12 g
Vanilla extract	1 tsp

METHOD

1. Blend the milk, protein powder, pudding mix, and vanilla until completely smooth.
2. Pour into a shallow freezer-safe container and freeze for at least 4-6 hours until firm.
3. Let it sit at room temperature for 5-10 minutes to soften, then scoop and serve.

Prep ahead. Freezer-set ahead by design — blend and freeze. **Keeps:** freezer 3 months.
